

HORIZON 2020 Project

Project title:

Intelligent Water Treatment for water preservation combined with simultaneous energy production and material recovery in energy intensive industries (intelWATT)

Project Partners:

National Center for Scientific Research “Demokritos” (NCSR)- Coordinator	Greece
Italian National Research Council (CNR)	Italy
Centre National de la Recherche Scientifique (National Centre for Scientific Research)	France
Public Power Corporation of Greece	Greece
Warrant Hub S.p.A. (WH)	Italy
Technische Hochschule Köln	Germany
University of Birmingham	UK
Politecnico di Torino	Italy
CUT Membrane Technology	Germany
BIA Group	Germany
Fuelics	Greece
IHE Delft Institute for Water Education	Netherlands
Studio Fieschi & soci	Italy
Techedge	Spain
Sorigué	Spain
The University of Jordan	Jordan
REDstack	Netherlands
Centro de Investigaciones Energeticas, Medioambientales y Tecnologicas (CIEMAT)	Spain
Nijhuis Water Technology	Netherlands
Nokia	Greece
