2. Winner of TWAS Associate Membership Scheme at Centers of Excellence in the South, August 1995.
3. Member of the Selection Committee of the King Faisal International Prize in Science, November 2001.
4. Winner of the Ministry of Higher Education Prize for Distinguished Scientific Research, May 2003.
5. Member of the Selection Committee of the King Faisal International Prize in Science, December 2005.
6. Participant in the EU Marie Curie Program of Transfer of Knowledge at the Institute of Mathematics of the Polish Academy of Sciences, August-September 2008.
7. Participant in the EU Marie Curie Program of Transfer of Knowledge at the Institute of Mathematics of the Polish Academy of Sciences, May-June 2009.
8. Winner of Scopus Certificate Award, April 2009.

9. Winner of the University of Jordan Prize for Distinguished Researcher, June 2012.
10. Winner of the Ali Mango Prize for Distinguished Researcher, June 2014.
11. Winner of the Faculty of Science Award for Distinguished Researcher, March 2015.
12. Winner of the University of Jordan Award for Distinguished Researcher, July 2018.
13. Winner of the University of Jordan Award for Distinguished Researcher, January 2020.
14. Ranked Among World's Top 2% Leading Scientists - Stanford University, October 2020.
15. Ranked Among World's Top 2% Leading Scientists - Stanford University, October 2021.

Administration:

1. Chairman of the Department of Mathematics at the University of Jordan, 2000-2005.
2. Dean of Academic Research at the University of Jordan, 2009-2010.
3. Acting Vice President for Scientific Research, Graduate Studies, and Quality at the University of Jordan, September-October 2010.
4. Dean of the Faculty of Science at the University of Jordan, 2011-2012.
5. President of Hamdi Mango Center for Scientific Research at the University of Jordan, 2008- 2012.
6. Dean of Graduate Studies and Scientific Research at Al-Ahliyya Amman University, 2013-2014.
7. Dean of the School of Science at the University of Jordan, 2018-2021.

Research Record:

I have published one hundred seventy papers in the fields of Operator Theory, Functional Analysis, and Matrix Analysis. These papers have been published in leading mathematical journals indexed in Scopus and Web of Science. Some of these papers were written jointly with very famous mathematicians. Several theorems and mathematical inequalities have been named after my name.

Professional Development Activities:

1. Taught many undergraduate and graduate mathematics courses at several universities.
2. Supervised the theses and dissertations of more than seventy five graduate students.
3. Participated in thirty six international scientific conferences. At many of these conferences, I was a keynote speaker.
4. Have given talks at several international leading universities and institutes.
5. Have served on the editorial boards of many international mathematical journals, most of which are indexed in Scopus and Web of Science.

6. Have written a large number of reviews for Mathematical Reviews and Zentralblatt MATH, and referee's reports for many leading mathematical journals of highest international reputation.
