

Faris G Bakri, MD, FIDSA

Education and Training:

- Fellowship, Infectious Diseases, State University of New York at Buffalo
- Residency, Medicine, State University of New York at Buffalo
- Medical education, Faculty of Medicine - University of Jordan

Employment:

- Director, Infectious Diseases and Vaccine Center - University of Jordan
- Associate Professor of Medicine - University of Jordan
- Director, Infection Control Office, Jordan University Hospital
- Diabetes and Endocrinology Center, Amman, Jordan

Abstracts and Poster Presentations:

1. Bakri F, Sethi S, Murphy TF. Human immune response to *Moraxella catarrhalis* following exacerbations of chronic obstructive pulmonary disease. *Journal of Infectious Diseases*. [Presented at the American Society for Microbiology Annual Meeting. Orlando FL, May 2001]
2. F. Bakri, M.S. El-Khateeb, C. Martel, F. Morel & M.J. Stasia. Two new mutations in the CYBA and NCF2 genes leading to rare autosomal recessive chronic granulomatous diseases in Jordanian families. *European Journal of Clinical Investigation*. May 2007; 37:23-23, Supplement: 1 [presented at the 41st Annual Scientific Meeting of the European Society for Clinical Investigation, Uppsala, Sweden, April 2007].
3. Bakri, F, Martel, C, El-Khateeb, M. S, Hamamy, H. A, Khuri-Bolus, N, Mahafzah, A, Al-Wahadneh, A. M, Hayajneh, W. A, Guillot, M, Stasia, M. J. First report of chronic granulomatous disease in ten Jordanian families. *European Journal of Clinical Investigation*. April 2008; 38; 71-71; Suppl. 1; [Presented at the 42nd Annual Scientific Meeting of the European Society for Clinical Investigation, Geneva, Switzerland, April 2008]
4. Faris G Bakri, Ahmad Z Qasual, Nidal Younes, Ali Allan, Ishtaiwi Abu Zayed, Kamel Ajlouni. Prevalence of foot ulcers among diabetic Palestinian refugee patients attending the United Nations Relief and Works Agency (UNRWA) clinics in Amman – Jordan. [Presented at the ninth Diabetic Foot Study Group meeting. Uppsala, Sweden 17 – 19. September 2010]
